Property to be Searched

The property to be searched is 14 Dufort Street, located in Manchester, New Hampshire, (“SUBJECT PREMISES”) including all safes, containers, and enclosures therein, and any outbuildings, sheds or storage containers on the property. The SUBJECT PREMISES is a white, two-story single-family household with a shed in the backyard. The house has two red doors facing Dufort Street. The number “14” is posted on the right side of the front door on the left-hand side of the house. Paved walkways lead from Dufort Street to each front door. A paved driveway leads to a detached shed in the backyard, which also has a red door. A fence runs along the side-yard on either side of the house, but no fence or other encumbrance exists between the front of the house and Dufort Street. The following image of 14 Dufort Street, Manchester NH is available online at the publicly available google maps website (maps.google.com). The date of the image according to Google was November of 2022. Here is the image of the home:

I also conducted physical surveillance of the property on February 7, 2024, and observed the home to appear in substantially similar condition. Below are still images from a video of the home that I recorded while surveilling the property on February 7, 2024:
